

Being a wholly Romanian owned company, ASG Spedition provides the flexibility and instant decision-making power that Romanian importers and exporters require when seeking responsible and accountable service providers.

We have been operating on the Romanian market as a local private forwarding company since 2001.

With the primary offices located in Bucharest - Otopeni, ASG Spedition has successfully grown throughout Romania, having representation in all states. Having the first priority to provide high quality services in accordance to the each customer's needs, we have opened our first office in Bucharest International Airport. Along with our branch office, ASG is able to offer all services in the field of international transport and logistics. In order to maintain a high standard in the future and to fulfill all our important objectives, we are continuously adopting new ideas and services according to the current market changes.

We are specialized in global shipping of air, sea and truck cargo to / from every destination worldwide. Also, as a customs broker we provide a complete set of services in respect of clearance through customs, transits under customs bond, handling, warehousing and door deliveries.

This combined with our Global Network of committed agents gives ASG Spedition an unprecedented advantage in the market place when it comes to rates and customer service. Unlike the majority of our competitors we offer more than the "Industry Standard" Import, Export and Customs Clearance Service, we tailor our services to your individual and specialized logistics requirements.

We work together with you and your company to assist with all of your logistical needs. We are very proud of our membership in important Global Organizations as: WCA Family, Atlas Network proving the fact that we at ASG Spedition ARE TAKING QUALITY SERIOUSLY!
